News from Wakanui School

From the Principal - It's hard to believe that we are at the end of Term Two - and what a term it has been! Although as a school we have policies and procedures to prepare us for such pandemic events like Covid-19, it really does become a matter of using common sense and taking direction from the powers that be - in this case, the Ministry of Health. It has been great being back at school these last weeks and resuming our (mostly) normal routines, although it is clear that many are in need of the break that the school holidays will bring. The Term Three calendar is filling up with some great opportunities for our students. We look forward to sharing our learning with you.

Winter Poems from Kawakawa

*Winter sports start in winter.
Icy snow comes in winter.
Nice and fun to make snowmen.
Trees turn white.
Every time you wake up you need
to turn on the fire.
Rough snow appears on the grassy ground.

*Winter is my favourite time of the
year
I am skiing down the white slopes
really fast.
Not that many sunny days.
The wild wind is blowing through my
whole face.
Excited winter is here now!
Roaring rain charging on my head.
